LD 1432

We support Maine's Human Rights Act and feel strongly that LD1432, if enacted, purposefully excludes of transgendered humans from protection the HRA provides, in particular 'life with dignity.' LD1432 is a purposeful discriminatory government action that violates the Equal Protection clause of the 14th Amendment which guarantees that all people are treated equally under the law.

That said, as 60 year old residents of Maine, we do wonder why is it such an issue to just let people live as they choose.
