

Reagan Quimby
Starks
LD 233

Dear Committee Members,

My name is Reagan Quimby. I am 14 years old and I am a two-sport athlete. I train 6 to 7 days a week for my sports. I work very hard to excel and be the best I can be. Despite my work ethic I know that eventually all the boys will physically pass me by and I am biologically unable to compete on a fair footing with biological male athletes. It is complexly unfair and contradictory to common sense to allow males to compete against female. It is also unfair to allow them to violate my privacy in lockers rooms and bathrooms. I do not and will not consent to this. Don't my rights matter?

There are several bills being reviewed today that will provide fairness to girl's sports in Maine and afford me my privacy and my right to safe spaces for changing and showering and using the bathroom. I strongly urge you to pass any and all of these bills. I deserve better from Maine than this.

Reagan Quimby
