Senator Carney, Representative Kuhn, and Honorable Members of the Judiciary Committee, thank you for this chance to address the Committee. My name is Sarah Hamill and I am a nurse living in Gray. I am writing in opposition of bill LD1137.

Many of my coworkers are transgender and gender diverse, and my respect for them is not conditional on their identity. It is based upon their humanity. This bill would prohibit people from receiving services and permissions based upon their identity.

As a nurse, I have committed to providing care to all people who need it, regardless of my own personal or political opinions. I would expect my representatives to treat their constituents in the same manner.

Thank you for the opportunity to share my perspective with the Committee. I urge you to vote "Ought not to Pass" on this bill. Thank you!
