LD 380

Repealing Maine's Shield Law would subject Maine's already-strained healthcare infrastructure to out-of-state criminal prosecutions for providing standard-of-care health care as legally allowed in this state. Maine state law has allowed doctors and patients to safely give and receive the care they need, and LD 380 would especially cause great harm to health care providers. It also oversteps boundaries and gets in the way of decisions that should be made by an individual in consultation with their doctor. It is not the state's role to legislate what people can do with their bodies. You must vote "NO" on LD 380.
