Please don't take away the protections of the transgender community. These kids are as human as anyone else. They get to be their authentic selves. There is no threat to society for allowing them to be who they are. The threat is in stifling them and treating them like there is something wrong with them. Shame on anyone who wants to make them feel assumed of who they are! Please do the right thing and allow them to keep their identity rights. And all of their other rights too!
