

Kimber Duncan
Lisbon Falls
LD 1567

Good Morning Senator, Hickman, Representative Supica, and distinguished members of the joint committee on Veteran and Legal Affairs. My name is Kimber Duncan and I live in Lisbon Falls. I am the general manager of a small medical cultivator that was formerly in adult-use.

This is an additional submission from my original testimony so I can add a couple of points that I may have said in my zoom but did not include in writing yet.

First, I mentioned the medical market in my original written submission. I know this bill is for adult-use, but what I should have said is that people buy cannabis medicinally in the adult-use market (e.g. many gun owners) and that should be considered since irradiating cannabis affects medicinal properties in cannabis as well as potency and flavor.

Second, customers in adult-use cannot buy their product “deli-style” where they have an opportunity to smell and see the product without its packaging before purchase. This information on the label would help them make a more informed purchase.

Thank you,

Kimber Duncan
