

Sadae Muise  
Biddeford  
LD 1881

Dear Maine representatives and Senate, My name is Sadae Muise. I do not think this bill should be passed, parents being able to know everything that their child says at school could be dangerous for them. Some children don't have good home lives, the child's parents could be told something they do not like and take it out on the child. Thank you for your consideration.
