Senator Beebe-Center, Representative Hasenfus, and Esteemed Members of the Joint Standing Committee on Criminal Justice and Public Safety,

I'm writing to express my strong support for LD 1815, "An Act to Require a Blood Test for Drugs for Drivers Involved in a Motor Vehicle Accident that Results in Serious Bodily Injury or Death." As the owner of a scanner page on Facebook, I've witnessed firsthand the devastating impact of impaired driving accidents on our communities.

Far too often, we hear of fatal crashes caused by intoxicated drivers. It's heartbreaking to think of the lives lost and the families affected. I urge you to vote in favor of LD 1815 to help prevent such tragedies. By requiring blood tests in cases of serious injury or death, we can better understand the causes of these accidents and hold those responsible accountable.

I implore you to pass LD 1815 and take a crucial step towards making our roads safer. Let's work together to reduce the number of lives lost to impaired driving.

Sincerely,
Cory
