

Testimony supporting LD1567

Honorable members of the Joint Standing Committee of Veterans and Legal Affairs, my name is Virginia Milton and I live in Gardiner. I am submitting testimony in support of LD1567.

I believe that a consumer has the right to know if something (not just cannabis) they are buying (especially something they will consume in some manor) has been treated with radiation or ozonation. I also believe that the associated equipment should be registered and regular inspection required.

I respectfully ask for you to vote in favor of LD1567. Thank you very much for your time and your service.
