LD 1818

As a resident and taxpayer in the state of Maine I urge ALL representatives to give a voice back to the people and support LD1818. As working-class Mainers we know about budgeting, we know about sacrifice. Why should our government mismanage OUR money, fall short, not pay its bills, then INCREASE the burden on the people to cover it?! All while requiring WE pay every penny (property tax, sales tax, etc) under penalty of wage garnishment or loss of home. NO MORE!!! LD1818 is giving your constituents, your supporters, the voice they are due. I strongly urge you to vote in favor of LD1818. Thank you.
