

May 14, 2025

Senator Beebe-Center, Representative Hasenfus, and Members of the Joint Standing Committee on Criminal Justice and Public Safety:

My name is Melissa Martin, and I am offering testimony today on behalf of the Maine Coalition Against Sexual Assault (MECASA), the organization which represents and serves Maine's sexual violence prevention and response programs as well as Maine's Children's Advocacy Centers. MECASA initiates and advocates for victim-centered public policy; provides expert training, technical assistance, and resources for providers and partners; and funds the service providers in your communities.

MECASA is submitting testimony in support of LD 1836, "An Act to Implement the Recommendations of the Sex Offender Management and Risk Assessment Advisory Commission Regarding Tier II Offenses."

MECASA sits on the Sex Offender Management and Risk Assessment Advisory Commission and supports LD 1836 as a technical fix to correct a logical inconsistency in the law.

Although we have opposed many potential expansions of the existing laws around sex offender registry because of studies that show these expansions do not increase community safety, we believe this bill alleviates a discrete legal gap and prevents unequal treatment of extremely similar cases.

For these reasons, we support this bill. Thank you for your careful consideration.

## About Maine's Sexual Assault Service Providers

One in five Mainers will experience sexual assault at some point in their lifetime.<sup>1</sup> Each year, 19,000 Mainers will experience sexual violence.<sup>2</sup>

Maine's [sexual violence service providers](#) provide free and confidential services across the state to victims/survivors of sexual harassment and sexual assault and those close to them, as well as to individuals who wish to increase their understanding of the issues. Just some of the services include a 24-hour statewide sexual assault helpline, crisis intervention and information, support groups, in-person accompaniment and advocacy through the medical and legal systems, and school- and community-based prevention education. Services are provided for a victim/survivor regardless of when they experienced sexual violence, and regardless of what type of sexual violence they experienced. Types of sexual violence include, but are not limited to, sexual harassment and gender-based bullying, child sexual abuse, elder sexual abuse, stalking, sex trafficking, and sexual violence within an intimate partner relationship.
