LD 1900

I am writing in Support of LD 1900 submitted by Representative Dana.

This bill would provide a much-needed asset to the Maliseet and Mi'kmaq communities, having the ability to acquire, develop, and distribute power.

I am also in support of extending certain child support enforcement tools recognized for the Penobscot Nation and the Penobscot Nation Tribal Court to the Houton Band of Maliseet and the Maliseet Tribal Court.

Having worked with the Penobscot Nation Tribal Court when employed by Wabanaki Public Health and Wellness, I had first-hand experience seeing the effectiveness of the Court for all involved. It is a superior system, and this Bill would provide necessary tools for the Maliseet Tribal Court.

Thank you,
