LD 1963

Senator Lawrence, Representative Sachs, and Members of the Committee, my name is Janet Drew. I'm a retired RN and I live in York. Thank you for the chance to testify today in support of the sponsor's actions for L.D. 1963.

I support this bill because it becomes increasingly evident that we need additional corporate oversight. Corporations have demonstrated their concern for profit over any considerations for health, environment, pollution, or the data supporting the need for protections. Even at the national level, many positions in regulatory agencies are held by industry insiders. This situation has given us DDT and other toxins, asbestos, PFAs and more.

Please support the bill and sponsor's amendment for corporate accountability in Maine.

Thank you,
Janet Drew
