I am for LD 1971, An Act to Protect Workers in This State by Clarifying the Relationship of State and Local Law Enforcement Agencies with Federal Immigration Authorities.

The events of the last few months demonstrate that the Federal government is daily overstepping its boundaries and no longer living in accordance with the Constitution of the United States, in which individuals may not be detained and imprisoned without due process.

To protect vulnerable populations in Maine, we must insure a separation of powers between police departments and federal agencies who are ignoring the rule of law and operating with impunity.

I believe that there needs to be set in place safeguarding limits of information that Maine agencies may share with federal immigration enforcement.

Please vote for this bill and help insure that Maine families cannot be randomly torn apart and that all Mainers have protection from detainment and deportation without due process. Thank you again for this bill.
