

Charles Temple
LINCOLNVILLE
LD 1971

My name is Charles Temple, and I live in Lincolnville. I'm here today to testify in strong support of LD 1259.

As a person of faith and the dad of a child born in Guatemala, I believe deeply in the dignity of every person and the importance of building safe, trusting communities. When local law enforcement is involved in federal immigration enforcement, it creates fear and discourages people from seeking help or reporting crimes. That makes all of us less safe.

LD 1259 offers clarity and common-sense limits that protect families and strengthen public safety. I urge you to vote in favor of this important bill.
