LD 1259

I hope that the committee will vote in favor of LD 1259. As a taxpayer, I support our police to protect our communities, but I am not paying for them to carry out Pres. Trump's vindictive agenda. He is targeting immigrants without cause -- and often without due process. I would like my family and neighbors to trust the police and be able to go to them without fear. I do not want our local police departments to enable ICE arrests. Thank you for supporting LD 1259.
