

Erin Dodge  
Portland  
LD 1259

I am writing to urge you to support both LD1259 and LD1971, introduced by Reps Rama and Dhalak. Local police should not be instruments of federal deportation orders. ICE tramples over due process and basic human rights, carrying out political persecution and racial profiling. At every point their overreach must be blocked. It will cause fear, panic, and mistrust to allow a partnership between Maine law enforcement and ICE.
