LD 1378 An Act to Protect Maine Communities by Enacting the Extreme Risk Protection Order Act (ONTP -Ought not to pass) We the people of Maine already have a yellow flag law that has due process, in this egregious bill LD -1378 takes away our due process and ends up with No knock - No warrant search and seizure, which could lead to death just because someone felt like calling in a fake extreme risk protection order and the homeowner wouldn't even know what is going on. Please don't pass this bill LD 1378 ONTP -Ought not to pass
