

In support of LD 1941, an act to support reentry and reintegration into the community.

Good Afternoon Senator Carney, Representative Kuhn and Judiciary Committee,

My name is Caleb Jewett and I am providing testimony in support of LD 1941, an act to support reentry and reintegration into the community. I am directly affected because I am currently incarcerated. My family is also affected by this. My son is without his father and my parents are without their only son. While incarcerated I have done everything I can to become a better person. I have enrolled in college and got an Associates Degree in business and continue to work towards a bachelor's degree. I also train service dogs for the American Vet Dog's Association. I have taken every opportunity available and tried the best I can. I have learned from my mistakes and feel that many others in Maine State Prison have also. This bill will save the state money and provide future opportunities for many people and their families.

I am asking that you please vote "ought to pass" on LD 1941.

Caleb Jewett
