Biddeford  
LD 681

Dear Senator Grohoski, Representative Foster, and members of the Education and Cultural Affairs Committee,

My name is Anthony Stewart, and I am a student at Biddeford High School in Biddeford, Maine. I strongly support LD 681, which will study how we can fund higher education in Maine

In my experience, I hear people in my community talking about how they'd like to seek higher education, but do not have the funds to attend college. Studies show that earnings for bachelor's degree holders are 86 percent higher than people whose highest degree is a high school diploma. Doing this study will help us best figure out how to help out Mainers afford a higher education.

I urge the committee to support this bill to help citizens afford a higher education, get better-paying jobs, and create a better future for the younger generation.

Sincerely,  
Anthony Stewart
