Judiciary Committee,

On Ld648,,this bill needs to be passed to those prisoners who have shown they are ready to go back into society..Tracy Meggison has show this for 34 yrs n he has done so much n fits into this program..he has dog trained n worked with dying prisons with HOSPICE PROGRAM..he has been taking college programs n is studying to help those on drugs n alcohol as he was involved with,,he has done more then I can ever tell you to make his life better n is ready to work outside n earn his own money. Others are the same way,,34 yrs in prison is u have not learned anything by then u never will but TRACY has,,wardens n comissioner can tell you thin..please pass this bill n give our prisoner a chance to show what they can do,,SECOND CHANCES,,
Thank you Calista Cross
