

Cynthia Marten
South Portland
LD 1911

Senator Carney and Senator Kuhn and members of the Judiciary Committee
I am writing in favor of this bill. As a Unitarian Universalist we believe that every
person has inherent worth and has the right to flourish with dignity.

This bill treats Mainers who are rebuilding their lives after conviction with dignity
and compassion.

By removing criminal records from public view and also sealing records after
appropriated times, these citizens will be able to participate fully in their
communities.
