

LD 555 An Act to Create a Separate Department of Child and Family Services

Dear Committee Members,

My name is Ann Marie Grenier. I am writing in support of **LD 555 An Act to Create a Separate Department of Child and Family Services.**

I can think of nothing more important than the gift of life. Unfortunately in the state of Maine there are children who live in homes where they are not safe. DHHS is charged to be there for children who are at risk; to keep them safe from harm. We are all well aware of the failures of DHHS in keeping the children of Maine safe. It is passed time that Maine kids get the protections they deserve.

At this time we can thank Senator Bill Diamond and all his hard work and dedication to bring this matter to the forefront. Senator Diamonds devotion shines through and will transcend time through his establishment of Walk A Mile In Their Shoes. There is so much more that needs to be done to correct the issues, harms and deaths that continue to occur under this failed agency, DHHS.

Clearly this bill is aimed at making Maine a safer place for children to be born and raised. It is up to you all to look into your hearts, remember the faces and stories of the number of young defenseless children harmed or killed while under the care of this failed agency, DHHS. This needs to stop, and perhaps just perhaps LD 555 is the answer.

I urge you to vote ought to pass on LD 555 An Act to Create a Separate Department of Child and Family Services

Thank you for your time,

Ann Marie Grenier, 4 Juniper Dr, Windham ME , 04062
