LD 1941

Please vote to pass LD 1941. As a person of faith (Unitarian Universalist), I believe in equity and compassion of all people all people. Reestablishing Parole in Maine will provide supervision and rehabilitation opportunities, reduce recidivism, and decrease cost to the State of Maine and therefore us taxpayers. And I assumed we already had parole in this state, so I am very supportive of this bill. Please vote Out to Pass on LD 1941. Thank you.
