LD 56
Bags In Retail Stores

An Act To Remove 5 Cent Fee For

Dear, representative Lemelin and members of the environment and natural resources
committee,

My name is Riley, and I am a student at Biddeford high school in Biddeford, Maine. I
strongly support LD 56, which requires removing the 5 cent fee for bags in retail
stores. I support this because it affects lower income families and increases the cost of
groceries.
