LD 2094

Good Afternoon.

Firstly, please allow me to thank you for your careful consideration of LD 2094 - An Act to Authorize a General Fund Bond Issue to Support Maine's Agricultural and Forestry Sectors.

Being a 'native son of Maine' (Waterville, 1954) and the brother-in-law of a Maine Dairy Farming family, and uncle-in-law of a Maine Forestry family, I have seen the hard work, timeless effort, energy, and love that our Farmers and Foresters devote to their life's work. Being a Maine Physician, since 1980, I know the health value of high quality Maine farm, dairy, meats are to the health of our Fellow Mainers, and to countless others across the USA, around the World. Maine Wild Blueberries, Potatoes, set the 'gold standard', with many other Maine farm products as well. Please support LD 2094 - An Act to Authorize a General Fund Bond Issue to Support Maine's Agricultural and Forestry Sectors to your full extent. Thank you.
