Hey my name is Olivia and I am a member of gallant therapy services.

We all have our ups and downs about my program and I would like to talk about my feelings towards it. I don't like when staff come and go so suddenly because they don't get paid enough. I have a hard time adjusting when staff that I get used to being around want to leave for that reason.

It's difficult for me to get to know someone get used to them and risk never being able to see them again. I would personally like to keep staff for longer periods of time and have them get paid more so that way they have more reasons to stay.
