LD 1383

To Whom It May Concern,

I am writing to express my support for LD 1383. I demand that this action be passed and Maine's State Pension divest from any corporations that contribute to genocides and human rights abuses, at home and abroad.

We must follow the mantra and motto of our state "Dirigo" and set an example of what it looks like to stand and lead. It is unacceptable to be associating and investing in any group or organization that manufactures weapons for genocide or tears families apart.

Our state has \$19 million invested in Palantir and a \$141 million dollar fund with Signature Aviation shares. Our public funds must not bankroll violence and oppression anywhere in the world. Mainers are making their voice heard in support of this bill, you must listen to them and enact this bill.

Thank you for your time.

Sincerely  
David Morrill
