re: LD 2159: An act to require school buses to be equipped with and Use school bus crossing arms

Dear Transportation Committee members,

I am writing to implore you to pass this logical bill to ensure the safety of our children as they leave the school bus. I live in Rockland where the terrible tradegy happened in December. All school buses should be equipped with a crossing arm (and this bill provides funding for those that do not have them) and to require drivers to use them. Such a simple fix to resolve an inexcusble tradegy for a child, family and community.

Thank you,

Annette Naegel
