Thank you members of the Committee for giving me the opportunity to speak today. My name is Caroline Hadilaksono, I'm a resident of Portland, Maine. I'm testifying to support LD 1383.

This past year, I have witnessed my community members in Portland being harassed and detained by ICE agents. I have witnessed on the news people being murdered, brutalized, kidnapped, and flown out of the country without due process. I have watched families being bombed and starved in Palestine.

I'm a first generation immigrant and a U.S. citizen. My parents sent me to the U.S. when I was 12 years old, because they were watching on the news people who look like us, being murdered. I was lucky enough to be able to escape the prosecution in my country of origin. Now almost two decades later, I'm appalled by these blatantly illegal prosecution of my community members, of immigrants, of the Palestinian people.

This is not what I stand for. I do not want my tax dollars to contribute to these crimes. We need to divest from corporations that profits from these human rights violations.

I urge you to do what's right and support this bill. Thank you.
