

Samuel Foucher
Guilford, VT
LD 1383

Dear Lawmaker,

My name is Samuel. I am a musician and a building tradesman and have recently moved to midcoast Maine. I plan to apply my skills to contribute to Maine's economy by building houses, and as a new taxpayer here it is important to me that Maine invest its funds responsibly.

As a carpenter I have worked hard to make sure my clients have safe, warm, energy-efficient, and beautiful housing. It disturbs me deeply to see reports of I.C.E. agents breaking and entering houses in the US to abduct folks, and people's homes being mercilessly demolished across the ocean in Palestine, sometimes killing families inside.

I was drawn to Maine in part by seeing a culture of people caring for their neighbors and showing up when times are tough. I want to see the state take a position of leadership in ethical investing. Please support LD 1383 so Maine's money aligns with our values.

Thank you,

Samuel Foucher
