LD 1383

To the Chair and Members of the Committee. I live in Woodland, Maine. I am submitting this testimony in FAVOR of LD 1383 An Act to Require State Divestment from Perpetrators of International Human Rights Violations. Of course we should divest from and not support entities, companies and governments that perpetrate and profit from Apartheid, Genocide and War Crimes. I truly appreciate that I am being given this chance, as a citizen, to say so. So thank you to the Sponsors of this legislation. I do not want to be a part of, or support genocide and war crimes with my tax dollars - money that should be going to support things that make people's lives better. If this is something we the people of the State of Maine can do to stop the Genocide in Palestine and other crimes against humanity- it needs to be done. Thank you for your consideration.
