CUSHING
LD 1383

My name is Ellen Goldsmith. I am a registered Democrat and live in Cushing, Maine. I am writing to urge you to reject LD 1383.

While I find the situation in Gaza terribly distressing and disagree with many of the Israeli government's actions, I think LD 1383 is ill-considered and has antisemitic undertones. With regards to genocide, since when do accusations translate into realities?

There are deep divisions in our country at this time. I see passage of this bill as adding to those separations. I urge you to vote against it not just for the Jewish community in Maine but for the possibilities for community in Maine.
