LD 2106

My great great grandfather came to this country in approximately 1850, and it is not unreasonable to surmise that he did so to flee persecution for the events of 1848 in his native Germany. That would make him a person seeking asylum, just like so many of those ICE is currently persecuting.

LD 2106 protects the rights and safety of vulnerable Maine residents, including children, workers at public schools, healthcare facilities, daycares, and libraries, and serves key public policy interests, including making sure all Maine children receive an education and public health information is freely shared.
