

Testimony for LD 2106  
An Act to Prohibit the Disclosure of Nonpublic Records  
Without Proper Judicial Review

Dear Representative Sato, Senator Rotundo, Representatives Dhalac, Lee, Meyer, Murphy, Speaker Fecteau, Senate Daughtry, and Senator Talbot-Ross,

My name is Elizabeth Ramage-Healey, a resident of Peaks Island.

I am writing to support emergency bill LD 2106, designed to prevent ICE from accessing personal information in private spaces in public buildings. These include schools, hospitals, libraries and child care centers.

If there is one more thing Maine can do to make ICE unwelcome, we need to do it. Thank you for pulling this proposal together so quickly as we face the emergency to all our citizens and particularly immigrants brought to us this week by ICE.

Please vote to support this important LD 2106.

Thank you.
