

Lacey Donle
LISBON FALLS
LD 2106

Dear Honorable members of the Judiciary Committee,

My name is Lacey Donle and I live in Lisbon Falls, Maine. I have 2 children in the public school system and I work at a licensed child care center. Over the last six years, my kids have already experienced multiple instances of violence, terror and educational disruption from the COVID-19 pandemic and aftermath to the lockdowns after the Lewiston mass shooting, and regular practice of lockdown and active shooter drill. Some of which required the entire kindergarten class to crowd together in the one bathroom in their classroom, in the dark, silently, trained to not respond when people came by to knock on the door, and only to come out of the bathroom when they heard an announcement over the PA. My son used to call it "Kansas Clover" when he would tell us about it after school. What they were actually saying was "campus closure"

There's a lot we can't control in the world and that can be hard to face as a parent. However, we have an opportunity now to keep ICE from bringing violence and terror into our schools, childcare centers and medical facilities and we must ACT!

Please support LD 2106 and do everything in your power to keep our children and their parents and caregivers from being murdered or abducted while attending school, daycare or seeking medical care.
