LD 2106

I am providing testimony in my personal capacity, but I am a public school teacher in Maine. I am a resident of Brunswick, Maine. I support LD2106 and believe that ICE should not be able to places such as public schools, healthcare facilities, daycares, etc. Schools are a place all students should be able to feel safe and secure. There is no reason that ICE should need to enter a classroom without a judicial warrant. Access to education is a right and no one should have to fear sending their children to school. ICE should be required to follow due process, as in the constitution everyone has a right to due process, regardless of citizenship status. I urge you to support LD2106.
