Members of the Judiciary Committee, I am submitting this written testimony in SUPPORT of LD 2106 An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review. I am opposed to the actions of federal agents sent to Maine by the Trump Administration for Operation Catch of the Day and similar actions that serve to instill fear in our communities and that particularly target people of color such as our Somali friends and neighbors. Please approve this bill to restrict the violence and intimidation by ICE and other improper law enforcement interference at or around our Maine Schools, Daycares, Libraries and Healthcare facilities. These should be, and need to be, safe places for children and their families. The people of Maine should be protected from political retribution exacted by the Trump Administration's misuse of federal law enforcement against us. Thank you for your consideration.
