

Laura Walters  
Bath  
LD 2106

My name is Laura Walters, and I am writing in support of LD 2106.

Schools, daycares, healthcare facilities, and libraries must remain safe and trusted spaces for everyone in our communities. Allowing Immigration and Customs Enforcement (ICE) to enter these locations without a judicial warrant undermines public safety by discouraging families from seeking education, medical care, and essential services.

LD 2106 strikes an important balance by upholding the rule of law while protecting Maine residents from fear and disruption in places meant for learning, healing, and community connection. Requiring a judicial warrant ensures due process and prevents unnecessary harm to children, families, and service providers.

Maine has long valued fairness, privacy, and community well-being. LD 2106 reflects those values, and I urge you to support its passage.

Thank you for your time and consideration.
