LD 2106

I strongly support LD2106. I am a person of faith and a member of the Maine Unitarian Universalist State Advocacy Network (MUUSAN). I believe that all people are worthy of equal respect and dignity. I believe that all people have the right to live free from fear from unwarranted harassment in public areas, including schools, libraries, healthcare and daycare facilities to name a few. The employees of these institutions are put in a position of betraying the trust of those they serve.

I believe that it is in the best interest of the people of Maine's wellbeing to pass this act.

Thank you to the members of the Judiciary Committee for taking up this important bill.
