

Josanne Dolloff
Milton Township
LD 382

Hello. I'm writing in regard to the taxes on unorganized territories. We knew we wanted to retire somewhere outside of town with the rising taxes, sewer and water that came with in town living.

We purchased some land in Milton Twsp. Put a house on it. The taxes were reasonable for retirement.

We had to supply our own water source, own septic, etc but that was ok.

The taxes last year went way up! We have no police protection, no fire department, nothing.

I cannot understand why our taxes went up!! For what??

I am asking for you to review and revert back to where they were.

We are retired now and don't want to lose everything we worked for because of high taxes.

Thank you for your time.

Chet and the Hon. Josanne Dolloff
