LD 2106

I am writing because I support LD2106. I have no words to express how horrified I am by the lawlessness, lack of accountability and the disregard for human life shown by our Immigration and Customs enforcement agents. I'm hopeful that by requiring ICE to obtain a judicial warrant to be able to enter our schools, daycares, healthcare facilities and libraries will give them some pause from terrorizing indiscriminately. I hope by passing LD2106 that it adds a layer of safety for all of us. Thank you!
