

Patricia Lord Clark
Brunswick
LD 2106

I am writing to urge the Committee to vote Ought To Pass for LD 2106. As a retired librarian, I have worked to assure free and open access to technology and resources to all citizens. The recent activities of ICE in Maine has caused fear for immigrants of being in public places. This means Maine immigrant families, their children, students are afraid to work, to study, to use the Internet in their public libraries. Public librarians are in need of clarification of what are their responsibilities for interacting with immigration officers. This bill is greatly needed at this time. Thank you.
