LD 2160

Good morning, I'm writing to encourage you to support LD 2160 - An Act to Modify Provisions of Law Affecting Small Distilleries. Maine's small businesses are part of what make our communities rich and unique. Distilleries in particular hold promise for supporting Maine's agricultural economy through use of surplus and seconds. This legislation proposes common sense ways to reduce costs to small distilleries and ease the burdens of distribution and resale in ways that allow neighborly relationships to support commerce without a middleman. I believe this legislation will have a positive cross-sector impact, and I hope you'll pass LD2160. Thank you.
