

Cynthia Dubea  
Wells  
LD 2106

To Members of the Judiciary Committee:

I am writing in support of LD2016 which will prohibit any federal immigration enforcement personnel from entering our schools, health care facilities, libraries, and daycares without a judicial warrant. The very fact that we even need such a bill is outrageous, but the possibility that our elected officials would not support it would be equally outrageous. I choose to believe that you are women and men whose moral fabric will be your guide, and that you will cast your vote in support of LD2016.  
Thank you
