

Victoria Adams
Kennebunk
LD 2106

Dear Rep. Sato and distinguished members of the Judiciary Committee,
Please vote to pass LD 2106, a bill to protect people in Maine from armed
Immigration Officials who have been known to detain people who have legal status in
our country and state through citizenship, a valid work permit, or valid status as an
asylum seeker. This would prohibit ICE from entering public schools, health care
facilities, children's centers, and libraries, without a valid judicial warrant signed by a
judge.

More than 100 religious leaders in Maine including my own minister are in favor of
such a measure.

Thank you for your service to Maine.
