

Matthew Stevens  
North Yarmouth  
LD 2106

Dear legislators,

I am a physician, a father of two school age children and my wife is an educator. I'm writing to let you know about the deep distress and anxiety I am witnessing in our Maine schools and in our local medical community due to the potential presence of organizations such as ICE. I urge you to approve LD2106 so that we can keep health care and education accessible to all.
