

Emily Weihing  
Raymond  
LD 2106

My name is Emily Weihing, I am a resident of Raymond, Maine. I am writing to submit my testimony in support of LD 2106, for the hearing date of Thursday January 29, 2026 at 1pm. I support this bill because I strongly believe that all Mainers regardless of immigration status should have the right to live their lives without fear of intimidation or outright assault, injury, and even death from immigration law enforcement officers. All Mainers should be able to attend school, visit the doctor, go to the library, and utilize daycare services, with safety and support. Thank you for your consideration.
