Testimony in support of LD 2106

Dear Senator Carney, Representative Kuhn and members of the Judiciary Committee

My name is Deborah Crump, I live in West Paris, and I am submitting testimony in support of LD 2106 “An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review” to make sure ICE can’t enter private spaces in hospitals, schools, and childcare centers.

As a nurse for over 50 years, I believe it is essential that people who are seeking health care can do so safely, privately and without fear. And I feel strongly that those people providing care not be put in harms way or faced with potentially life-threatening situations for themselves and their patients. I am also a person of faith who believes in the inherent worth of all people and justice, equity and compassion in human relations. This bill will help make those beliefs more possible for the people residing in this state.

In the name of human dignity, I urge you to support LD 2106. Thanks you for your work on behalf of the people of Maine.

Sincerely,
Deborah Crump, RN
