

Allison Foster
South Portland
LD 2106

Dear Maine Legislature,

My name is Allison Foster, and I'm a Maine resident living in South Portland. I am submitting testimony in support of LD 2106 An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review for the public hearing on January 29th.

I am in absolute support of this bill ensuring proper judicial review of ICE operations in Maine. It is wrong and unfair for these people to come into our communities and terrorize people - kidnap people, and this fear is not healthy in the community. I am urging you to listen and understand and protect our communities.

Thank you,
Allison Foster
